HR-568 AIR-HYDRAULIC TOOL

The HR-568 is a powerful and durable lightweight tool with surprising features found in many of our more expensive tools. For example, the tool comes with an adjustable mandrel collection system that holds rivets in the tool and allows rivets to be set even upside down. It has a long stroke which enables larger rivet diameters to be set in a single pull. Rated for 5,000 cycles before maintenance. The tool even comes with extra jaws, jaw springs & jaw housing.

Capacity: up to 1/4" diameter in Steel, 3/16" diameter in Stainless Steel.

Weight: 3.3 lbs - Pulling Force: 2,248 lbs - Stroke: .800"

Nose Pieces included: 5/32", 3/16" & 1/4"
